SECOND-YEAR TRANSFORMATIONAL
EXPERIENCE PROGRAM

EXPO

FEBRUARY 13, 2018 | OHIO UNION

ARCHIE M. GRIFFIN GRAND BALLROOM

11:30 a.m. – 12:30 p.m. | 1 – 2 p.m. | 2:30 – 3:30 p.m.

NOTE: *The international STEP Signature Projects represented this year at the STEP Expo reflect projects created during the pilot years of STEP. As of autumn, 2015, the use of STEP funding for international projects in any of the six STEP categories is restricted to programming managed by Ohio State (this could mean a college program, class, Buck-I-SERV, university program...). This restriction is published in the current Signature Project Guidelines for each of the six STEP categories.*

Student safety is at the forefront of this policy; OIA works to ensure safety to every extent possible and cannot do this for non-Ohio State experiences. A list of program opportunities can be found at step.osu.edu and on the Office of International Affairs (OIA) website (oia.osu.edu/education-abroad).

WELCOME TO THE SPRING 2018 SECOND-YEAR TRANSFORMATIONAL EXPERIENCE PROGRAM (STEP) EXPO

A partnership between the Office of Academic Affairs and the Office of Student Life, STEP focuses on both student engagement and student development in an effort to enhance second-year success. Through interaction with faculty mentors, students have the opportunity to engage in a transformational experience and are exposed to activities designed to enhance personal, professional and academic success. Building upon key components of second-year success, students live on campus, participate in key co-curricular programs and activities, learn through peer interaction, and are guided by faculty mentors.

Created as an extension of Ohio State's commitment to the student experience, STEP provides an opportunity for education beyond the classroom. Through collaboration with faculty mentors, students develop proposals to engage in a transformational experience in one of six core areas (internships, leadership, education abroad, service-learning, undergraduate research, or artistic and creative endeavors). As a result, students gain greater self-awareness, explore educational interests and further develop career goals and aspirations.

The STEP Expo provides an opportunity for STEP students to showcase their accomplishments and reflect upon the impact of their STEP experience.

We hope you enjoy interacting with Ohio State's STEP students and take time to learn more about the impact STEP has had on their personal growth and academic success.

THE SECOND-YEAR TRANSFORMATIONAL EXPERIENCE PROGRAM (STEP) is an innovative program designed to enhance Ohio State students' experience and success. STEP offers participating students direct access and connection to a select group of faculty members who are fully committed to student success, engagement and development. In addition to this deep level of faculty interaction, students have access to hundreds of co-curricular programs, including financial literacy training.
