Second-year Transformational Experience Program

EXPO

February 18, 2020 | Ohio Union
Archie M. Griffin Grand Ballroom
10 – 11 a.m. | 2 – 3 p.m. | 3:30 – 4:30 p.m.
5 – 6 p.m. | 6:30 – 7:30 p.m.
Welcome to the Dr. Javaune Adams-Gaston Spring 2020 Second-year Transformational Experience Program (STEP) Expo!

The Second-year Transformational Experience Program (STEP) Expo provides an opportunity for STEP students to showcase their accomplishments and to reflect upon the impact of their STEP experience.

A partnership between the Office of Academic Affairs and the Office of Student Life, STEP focuses on both student engagement and student development in an effort to enhance second-year learning outcomes. Through engagement with faculty mentors, students have the opportunity to complete a transformational experience and to be exposed to activities designed for enhancing personal, professional, and academic success. Building upon national key variables related to second-year retention, students live on campus, participate in co-curricular programs and activities, learn through peer interaction, and are guided by faculty mentors.

Education beyond the classroom is foundational to STEP. It was created as an extension of Ohio State’s commitment to the extraordinary student experience. Students work with faculty mentors to develop proposals to engage in a transformational experience in one of six categories: internships, leadership, education abroad, service-learning, undergraduate research, or artistic and creative endeavors.

Today, you are immersed in the excitement as these students publicly share their STEP experiences. We hope you enjoy interacting with Ohio State’s STEP students. Please take the time to learn more about the influence STEP has had on our students’ personal growth and academic success.

M. Susie Whittington, PhD
Professor & Executive Director,

THE SECOND-YEAR TRANSFORMATIONAL EXPERIENCE PROGRAM (STEP) is an innovative program designed to enhance Ohio State students’ experience and success. STEP offers participating students direct access and connection to a select group of faculty members who are fully committed to student success, engagement and development. In addition to this deep level of faculty interaction, students have access to hundreds of co-curricular programs, including financial literacy training.

To learn more about the program, including how to get involved, please visit step.osu.edu or email us at step@osu.edu
